

## Discovery

Give your leadership team the clarity and insights to act on your ambitions and address the structural tensions limiting your ability to grow, scale and adapt

- Evidence-based**  
 Surveys, weekly conversations, and synthesis built around what converges and diverges across your leadership team
- Practitioner-led**  
 Conducted by senior practitioners who know how to ask the right questions and read what's not being said.
- Fixed-price**  
 Transparent and value-based by design, in price, execution and results

From the Sponsor Intent to a shared Synthesis: every survey and week progressively builds the alignment and clarity to evolve as an organisation and to act as one leadership team:

when adapting to AI is one of your ambition or tension  
 the SAI is added in **Week 4**, and its outputs are integrated into the Discovery Synthesis
